DONATION / PLEDGE FORM

Donation made to registered charities are eligible for a tax credit that reduces the taxes you have to pay. Without exception, donations may be claimed only after they are paid. Pledges do not count. Unused claims may be carried forward for five years and donations made in the year of death may be carried back one year. The general annual limit on charitable donations as a percentage of net income is now 75% of net income. However, the limit on gifts by individuals in the year of death (and prior year) is 100%. The federal tax credit is 16% on the first \$200 of donation claimed in the year, and 29% on the amount in excess of \$200. After factoring in the provincial tax savings, donations in excess of \$200 will save you anywhere from 39% to just under 49% depending on your province of residence).
