### **BCMA EMERGENCY FLOOD RELIEF FOR BC**

**(Abbotsford, BC)** — The province of British Columbia declared a provincial state of emergency on Wednesday in order to provide additional resources to the continued effort to support the thousands of people affected.

A total of 17 regional districts were affected by floods, mudslides and landslides when about a month's worth of rain fell on that part of the province in about two days, Emergency Management BC said.

The BC Muslim Association is coordinating a community response to the historic flooding and damage that our province is facing.

We are raising funds and asking community members to donate generously, for the sake of Allah (swt), to support those families who lost everything and those who are still in danger. 100% of all funds raised will go directly to Flood Relief programs.
